ADDITIONAL DETAIL: Monitoring & Audits Appendix and/or Procedure Manual (citation): STATE AUDIT

The South Dakota Department of Health, WIC Program is audited by Legislative Audit. Entities reviewed include: accounting procedures, funding distribution, expenditures, reconciliation practices, federal reporting, program policies, time studies and compliance. Through the audit process, the Department ensures WIC compliance in A-133 Circular.

Findings are reported to the Department of Health's Fiscal Office which is responsible for the Audit Report, works with the WIC Program to ensure corrective actions are taken on findings, and maintains the audit and documentation for three years after a successful completion of audit findings.

LOCAL AUDIT

Because the organization of Local Agencies in South Dakota comes under the jurisdiction of the State, monitoring of Local Agency costs are done the same as the State Audit for all expenditures with the exception of county clerical support. Legislative Audit is also responsible for a county audit which includes the WIC Program, utilizing the same guidelines as the State Audit. An audit report is sent to the County Commissioners and the Department of Health's Fiscal Office who in turn works with the WIC Program to ensure appropriate corrective action.

The review guide, "Fiscal Fitness Review Guide", will be shared with Legislative Audit for consideration in their review. Legislative Audit procedures are available upon request.

All contracts greater than \$500,000 or if the sub-recipient could potentially receive more than \$500,000 in federal funds must contain the following paragraph:

AUDIT REQUIREMENTS PROVISION:

(EXPENDING \$500,000 OR MORE)

A nonprofit sub-recipient, (as well as profit hospitals) (Provider), expending \$500,000 or more in one year in Federal awards, must have an annual audit made in accordance with Office of Management and Budget Circular A-133, Audits of Institutions of Higher Education and Other Nonprofit Institutions and the Auditor General's guidelines.

X. MONITORING AND AUDITS

All audits must be conducted by an auditor approved by the Auditor General to perform the audit. Approval may be obtained by forwarding a copy of the audit engagement letter to the Department of Legislative Audit, 427 South Chapelle, c/o 500 East Capitol, Pierre, SD 57501-5070. On continuing engagements, the Auditor General's approval should be obtained annually. The auditor must follow the Auditor General's guidelines when conducting the audit. The draft audit report must be submitted to the Auditor General for approval prior to issuing the final report. The auditor must file the requested copies of the final audit report with the Auditor General. Audits shall be completed and filed with granting agencies by the end of the ninth month following the end of the fiscal year being audited or 30 days after receipt of the auditor's report, whichever is earlier. If it appears that a required audit cannot be completed by the end of the ninth month following your fiscal year, you must request an extension from the federal agency for which the majority of federal expenditures relates.

Failure to complete audit(s) as required will result in the disallowance of audit costs as direct or indirect charges to programs. Additionally, a percentage of awards may be withheld, overhead costs may be disallowed, and/or awards may be suspended, until the audit is completed satisfactorily.
